

September 13, 1983, p. 4

NEWS from 9AM - 11AM: final production of this week's paper. I found one or two typos in the Tryon article and made the corrections. No Tryon article is the only writing of substance in this week's paper -- otherwise the paper is fairly light going.

11AM - Big chif, grocery shopping.

11:30AM - went to Post office. Mrs. Rebecca Colville sent me the copy of volume I, Number 1 of No Miner's Camp that had been sent to her. Very thoughtful of her indeed. Thank you note mailed out on 09-14-1983.

Phoned Mrs. McNease (282-3844) and told her I could not locate the negative of the photograph that I took of her daughter receiving the nursing award at the BPOW at Elkview.

In passing she said that Elizabeth Dawson and she were disappointed that such little coverage was given in the NEWS of the awards dinner. I explained that I had submitted more but only one photograph was chosen by the editor/publisher. She said that she understood how those things happen.

Phoned Mrs. ^{wid.} Selfins (158 Tenare, 282-0341) and arranged to drop off the things she lent to the "Mule in Carbondale" exhibition. She will give me some other historical objects/artifacts when I drop off the items she lent to the exhibition.

Walked over to the CAHS and dropped off the 5 slides carousel tray that we were borrowing from audio-visual; also replaced with 4 blank videotapes the 4 that Mason and John used this summer in making the videotapes for the Carbondale Historical Society and Museum.

Spoke with Marty Lawler about doing a series of articles in the High School. He was very pleased that I volunteered to do some articles at the school. He suggested that I do one on their new course called "Computer literacy" but not until next week, when everyone gets into schedule. In the meantime, I will focus on individual departments, starting with history. I arranged to meet with Joe Pascoe on ^{we} Monday morning at 9:25AM at the school and Joe will give some preliminary materials (book lists, pupil count, kinds of classes). He will also arrange for me to visit a class or two and take pictures.
